Green Amethyst

Calming

Butterflies belong on
inspirational quote
posters, not in your
stomach. Get a hold of
your nerves and help
relieve tension so you can
rock that presentation.

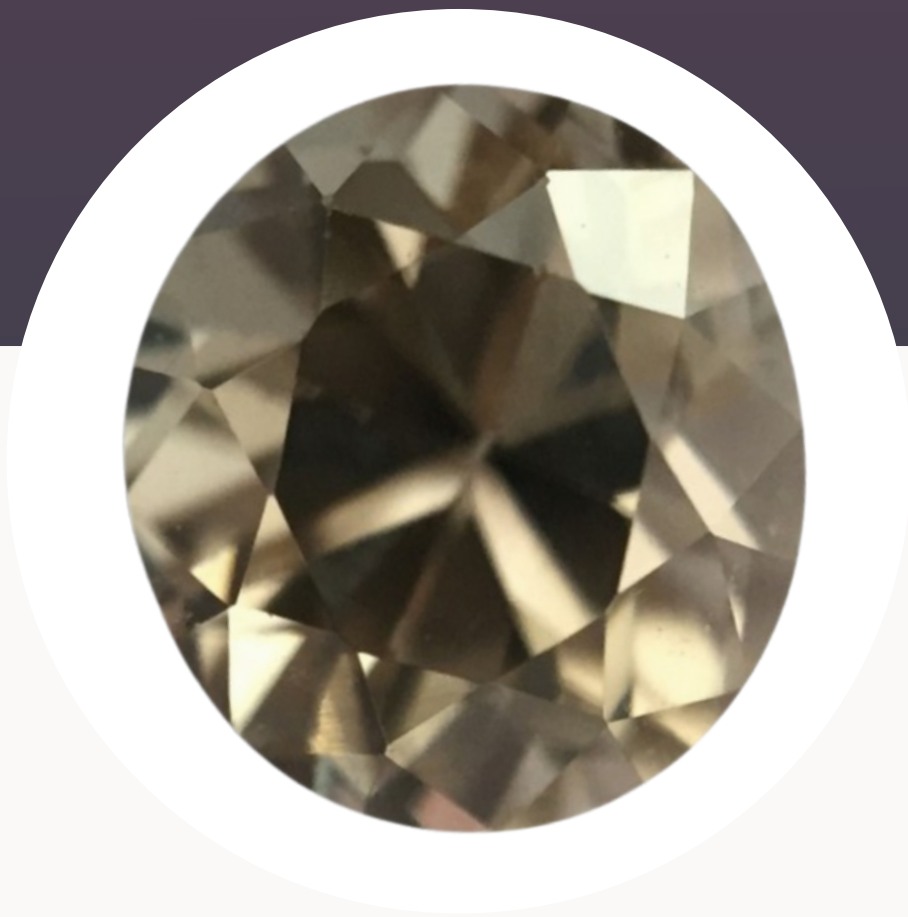

Prehnite

Unconditional Love

The next best thing to being enthusiastically greeted by your fur baby to remind you of how loved you are. Wear on days you need a little extra warm-fuzzy feelings.

Zircon

Grief Diffuser

Even in the darkest corners of night a new bud peeks through the layers of seasons past, made strong from the decay. What is lost is made new again.

Opal

Cat's Eye

Intuition

Call out life's bluff's
effortlessly with the

Rutilated Quartz

Soul Illuminator

Like the towering cactus
who stoically watches as
the sun beckons the
shadows to synchronously
dance amongst its feet,
whose movements, like a
compass, assures the
cactus is never lost.

Oliver Sin

Yellow Aquamarine

— * * * —
Fearlessness

Better than liquid courage
and maybe the extra 'juice'
you need to finally ask for
that promotion, sign up
for that acting class or
call that friend you had a
falling out with.

Olivia

Chalcedony

Protective

Carry an extra insurance policy before you head into that boardroom. You might be heading into a lion's den but you'll leave with the lions share.

Sapphire

Wisdom

More subtle than a beach vacation for removing creative blockages and mind numbing distractions. The result? A crystal clear mind swimming with inspiration.

Open Spirit

Color Changing Garnet

Travelers Stone

Time to hit those well-worn roads unraveling to unfamiliar places in your newly refurbished Airstream 'cause this talisman has your back.

Open Spirit

Sunstone

Joy

Look long and slow, even
the dark corners can't fully
conceal the soft glow of
hope. Always present,
waiting to be discovered,
a small seed of joy
dwelling in the darkness.

Olivia

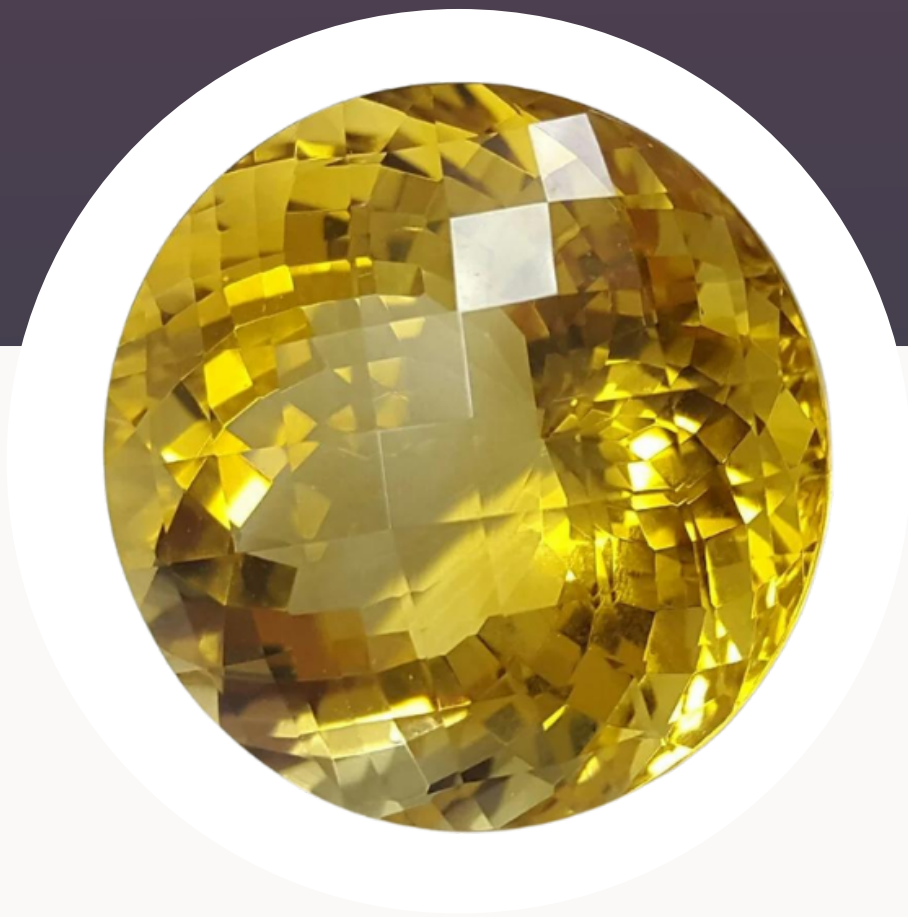

Lodalite

Compassion

To see you reflects back infinite souls like stars in the night sky. A shared journey of pitfalls and triumphs. Bound to one another forevermore. To see it is to see yourself.

Opal

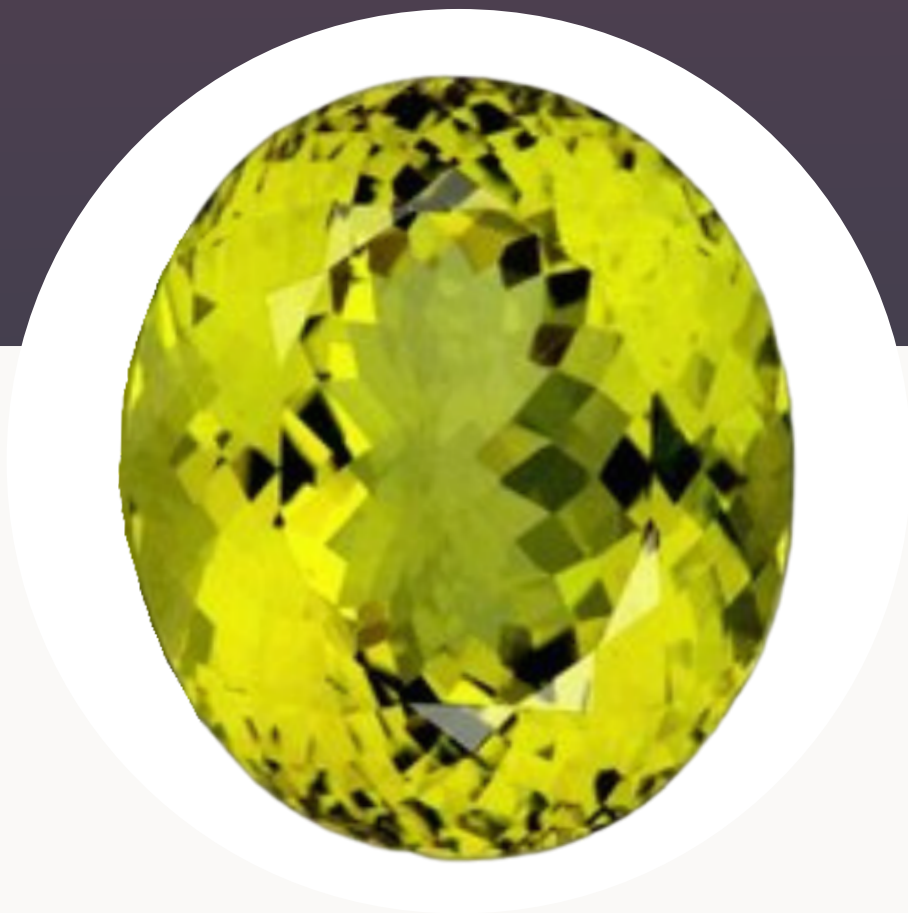

Beer Quartz

Healing

You may not know what comes next but be assured that your next steps will be courageously revealed. What lies ahead is a miracle waiting just for you.

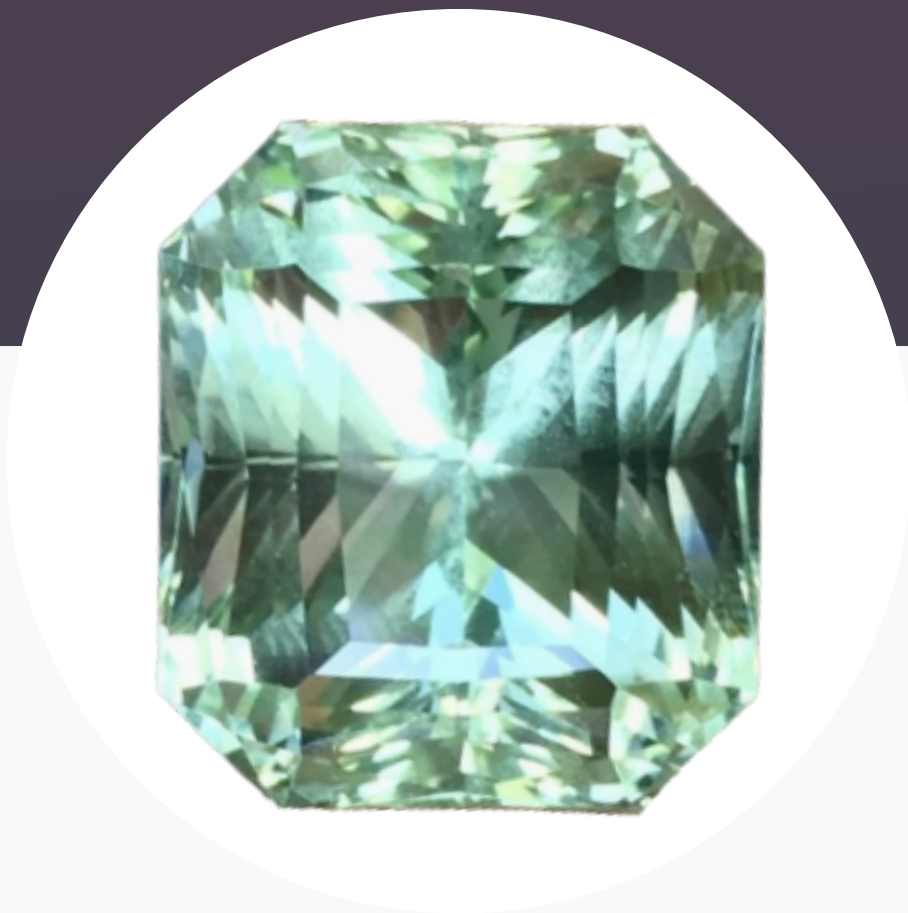

Green Gold

Abundance

Remove the mountain
that's preventing you from
seeing the lush valley on
the other side filled with
blooming trees, bubbling
brooks and endless
possibilities.

Green Topaz

Manifestation

Could it be in your season
of waiting, digging deep
to till, to nurture the soil,
to water and tend the
roots is the care your soul
needs to finally meet the
sunlight?

Pearl

Harmony

If the strings of your life
seem worn & out of tune,
remember that it is how
you play them that gives
them their melodies.

Allow the notes to
breathe between
vibrations.

Druzy

Stress Reliever

The tree doesn't grow
more rings with worry that
the rains and sun won't
come and yet they do.
Tend wisely but remember
to breathe deeply with the
knowingness of a tree.
